Fellowships and Grants

2008 – 2009

Co-Investigator with NMSU Disproportionate Minority Contact Technical Assistance and Resource Center (DMC-TARC). Grant funded by the State of New Mexico Children, Youth & Families Department to work with Blue Ribbon Panel on Disproportionate Minority Contact to provide ongoing Research and technical assistance for the purpose of identifying DMC and Developing programs and strategies of mitigation.
Size of Grant \$100,000 per year.

2005 – 2006

Principal investigator of an Office of Minority Health grant for Family and Community Violence Prevention. Oversaw implementation of a violence prevention program for at-risk adolescents in Las Cruces, NM.

Size of grant, \$250,000.

2000 – 2002

Co-principal investigator of an OJJDP funded grant to conduct a community Based collaborative evaluation of the juvenile justice system on one American Indian Reservation.

Size of grant, \$51,582.

Fall/Spring 1997 - 1998

Co-principal investigator for the Juvenile Justice Advisory Board in judicial District #3 of New Mexico to conduct an evaluation and assessment of the existing preadjudicatory service provision continuum for juveniles. The project is producing information about the appropriateness of existing services and service providers and existing as well as future service needs.

Size of grant, \$9,000.

Spring/Summer 1997

Co-principal investigator for the Juvenile Justice Advisory Board in judicial District #3 of New Mexico to create a population profile of all juveniles referred to the Juvenile Probation and Parole Office from 1993 through the first quarter of 1997. The project generated information that is being used to develop a new population management system for the juvenile justice system in District #3.

Size of grant \$5,000.

Fall/Winter 1994 – 1995

Principal investigator for the New Mexico Juvenile Justice Advisory Committee to conduct a needs assessment for a seven county region in north central New Mexico. This project generated information needed to design a “package” of nonsecure alternatives to detention for juveniles. Existing services and needs were analyzed using multiple methods to determine the appropriateness of those services and future needs. That information was used to develop a new set of services to meet existing and future needs of the region.

Size of grant: \$20,000.

Summer 1991

Awarded Southwest Missouri State University Summer Research Fellowship. The award was made to facilitate my research on the role of street-level bureaucrats in the implementation of public programs. I was able to conduct field research with the Parole Division of the Arizona Department of Juvenile Corrections to further examine the factors affecting the utilization of a decision making tool by parole officers.

Size of Award, \$4,000.

Fall 1989 - Fall 1990

Principal Investigator, "Juvenile Parole Workload Study," Arizona Department of Juvenile Corrections. Working with the Administrator of Juvenile Parole, Mike Miller, I was responsible for the conceptualization, development of an appropriate methodology, coordination and administration of a ninety day workload study for the above agency. The results of this study are being used in three ways by this agency: (1) to develop strategy for implementing juvenile parole in this newly formed agency, (2) to develop an annual budget request to the state legislature, (3) to evaluate the implementation of a recently developed juvenile risk assessment scale.

Size of grant, \$15,000.

Spring and Summer 1988

Field Director, "Nevada Urban Residents Survey," Las Vegas Nevada. Working with Joanne Nigg to assess citizen attitudes about the risks associated with the development of the Nuclear Waste Repository proposed for Yucca Mountain, Nevada.

Conference Papers
