

Final App (due 5:00pm Friday, May 4, 2018)

Please complete the following on or before the due date for submitting your final app:

- Electronic submission of the Final App will be through Canvas. Please upload a single .zip file containing project code. The zip file should be named with your (lowercase) first initial and last name, e.g. pdeleon.zip.
- Return your student lecture evaluation score sheet.
- Return your graded final project proposal.
- Complete online EE443 or EE593 course evaluation for a +1 point bonus on your total grade.
- Sign up for a final presentation time slot. *Attendance at all presentation sessions is required.*

Tuesday May 8 (1:00pm - 3:00pm)	https://doodle.com/poll/3zz8mficmdgx6ri9
Tuesday May 8 (3:30pm - 5:30pm)	https://doodle.com/poll/3zz8mficmdgx6ri9
Wednesday May 9 (3:30pm - 5:30pm)	https://doodle.com/poll/3zz8mficmdgx6ri9

Grading

The final app grade will be based on a combination of estimated difficulty from the final app proposal, success at implementing the app, and other factors including design and performance. The final app is a major part of the course with commensurate expectations for well-engineered, well-designed apps, and well-tested apps.

Final App Presentation

Please complete the following for your final app presentation:

- Prepare a 15 minute demonstration of your final app which covers: what it does, how it works, features, interesting/challenging coding tasks, etc. You may accompany your app demonstration with presentation slides and/or a short video.
- Please email your presentation and/or video (if you develop one) to pdeleon@nmsu.edu prior to the session you are scheduled to present. Alternatively you may bring your media on a flash drive.

Grading

The final app presentation grade will be based how well you convey the purpose and operation of your app.
